Have you ever forgotten the birthday of a good friend or even a family member? Unpleasant situation, right? Our vision is to prevent you from having this experience!

By creating the Android app *Plandora*, we want to enable you to save the dates of birthdays, anniversaries and other private events. Just enter the annual or one-time events you want to remember in time and access them conveniently from your smartphone! Moreover, collecting great ideas for a gift or discussing them with friends who use the app are desirable features.

Plandora will not be one of those over-complicated calendar apps that

are available on the internet – there are already enough of them. Our motivation is to create a simple yet helpful tool without any bells and whistles.

What are the benefits of this application?

Obviously, Plandora helps you by reminding you of these momentous days, planning and organizing gifts and enjoying time with your friends and family. There won't be any missed birthdays, any disappointment or guilty feelings! No meetings, no additional chat groups, no trouble...

In this blog we will keep you up to date regarding the development of Plandora. Stay tuned and feel free to ask questions or to share your ideas!
